Introduction

The VI Latin-American Colloquium on Preservation and Protection of the Industrial Heritage will take place in the city of Belo Horizonte, Minas Gerais, Brazil, from 09 to 12 November 2010, aiming at building up and developing the knowledge on industrial archaeology and industrial heritage.

We invite all interested in sending their paper proposals and participating in the activities and debates.

After the meetings in Mexico (1995), Cuba (1998), Chile (2001), Peru (2004) and Argentina (2007), we believe the opportunity of having a Colloquium in Belo Horizonte, Brazil, in 2010 will allow a closer integration among the Latin-American countries.
